

CSSET'22

Computer Science Symposium on Emerging Technologies (Virtual)

The Computer Science Symposium on Emerging Technologies (CSSET) aims at bringing the professors, researchers, and students together in the fields of computer science and information systems to disseminate original research results, and share new ideas and emerging technologies through practical development experience concentrating on both theory and practices. This event is also held to allow industry and government recruiters to reach out to computer science students at Marshall University for their hiring needs during busy seasons and to secure future talent with internships.

PRESENTATION & POSTER SESSION:
9:00 a.m. - 12:00 p.m., Microsoft Teams

04.18.22
9 a.m. - 12 p.m.
